

S. M. B. Education Society's
M. S. BIDVE ENGINEERING COLLEGE
Latur - 413 512 (Maharashtra State)

VISION

To attain technical excellence for the welfare of mankind.

MISSION

It is our mission to impart qualitative technical education at affordable cost for the students hailing from vernacular background and deprived classes. It is our conviction to make them competitive in global environment through dissemination of knowledge, development of technical and social skills and by inculcating human values. We, the Management, Faculty and Staff find the privilege and pride to commit whole heartedly to accomplish this goal.

IMMINENT GOALS

- To improve communication and presentation skills of students.
- To achieve top order results of all classes.
- To boost up training and placement performance to higher benchmark.
- To develop membership bonds with professional bodies.
- To organise seminars and workshops at faculty and students' level.
- To launch P.G. programmes in all streams of engineering.
- To upgrade all round infrastructure facilities.

PERPETUAL GOALS

- Improving faculty academic profile through sponsorship for P.G. & Ph.D. programmes.
- Promoting institutional role as interface between industry, statutory authorities, funding agencies and professional bodies.
- Engaging institutional participation in technical education quality improvement programmes at all levels.
- Establishing technical research and development centre for rural upliftment.
- Marching towards the accomplishment of institutional autonomy.

- A retinue called M.S.Bidve Engineering College.

Programme Outcomes

To provide students with preparation to become worthy of professional careers in the field and to be motivated for lifelong learning. All prescribed courses have definite objectives and outcomes.

The graduates of this programme will be able to demonstrate:

PO1: Understanding of software and hardware concepts, functionalities and applications.

PO2: An Ability to design, develop and test computer programs involving various algorithms, methodology and programming languages.

PO3: Competency of business domains and functional processes that employ software systems and applications.

PO4: Practical use of communication protocols and their applications in the field of Internet and World Wide Web.
