

Shri Mahatma Basweshwar Education Socitey's

M.S. Bidve Engineering College, Latur.

2.5.1 Mechanism of internal/ external assessment is transparent, and the grievance redressal system is time- bound and efficient.

Implementation of submission of online/offline students' grievances:

The institution has a transparent mechanism for timely redressal of student grievances including sexual harassment and ragging cases.

The institute has well defined Grievance Redressal Policy to address any kind of Grievance.

Various committees like Anti Sexual Harassment Committee, OMBUDSMAN & Redressal Committee, Internal Committee, Anti Ragging Committee etc. are formed under an umbrella of Grievance Redressal Committee.

Functions:

Complaint boxes have been installed in the institute premises in which the students, who want to remain anonymous, can put in writing their grievances and their suggestions in specified format for improving the academics/administration in the institute.

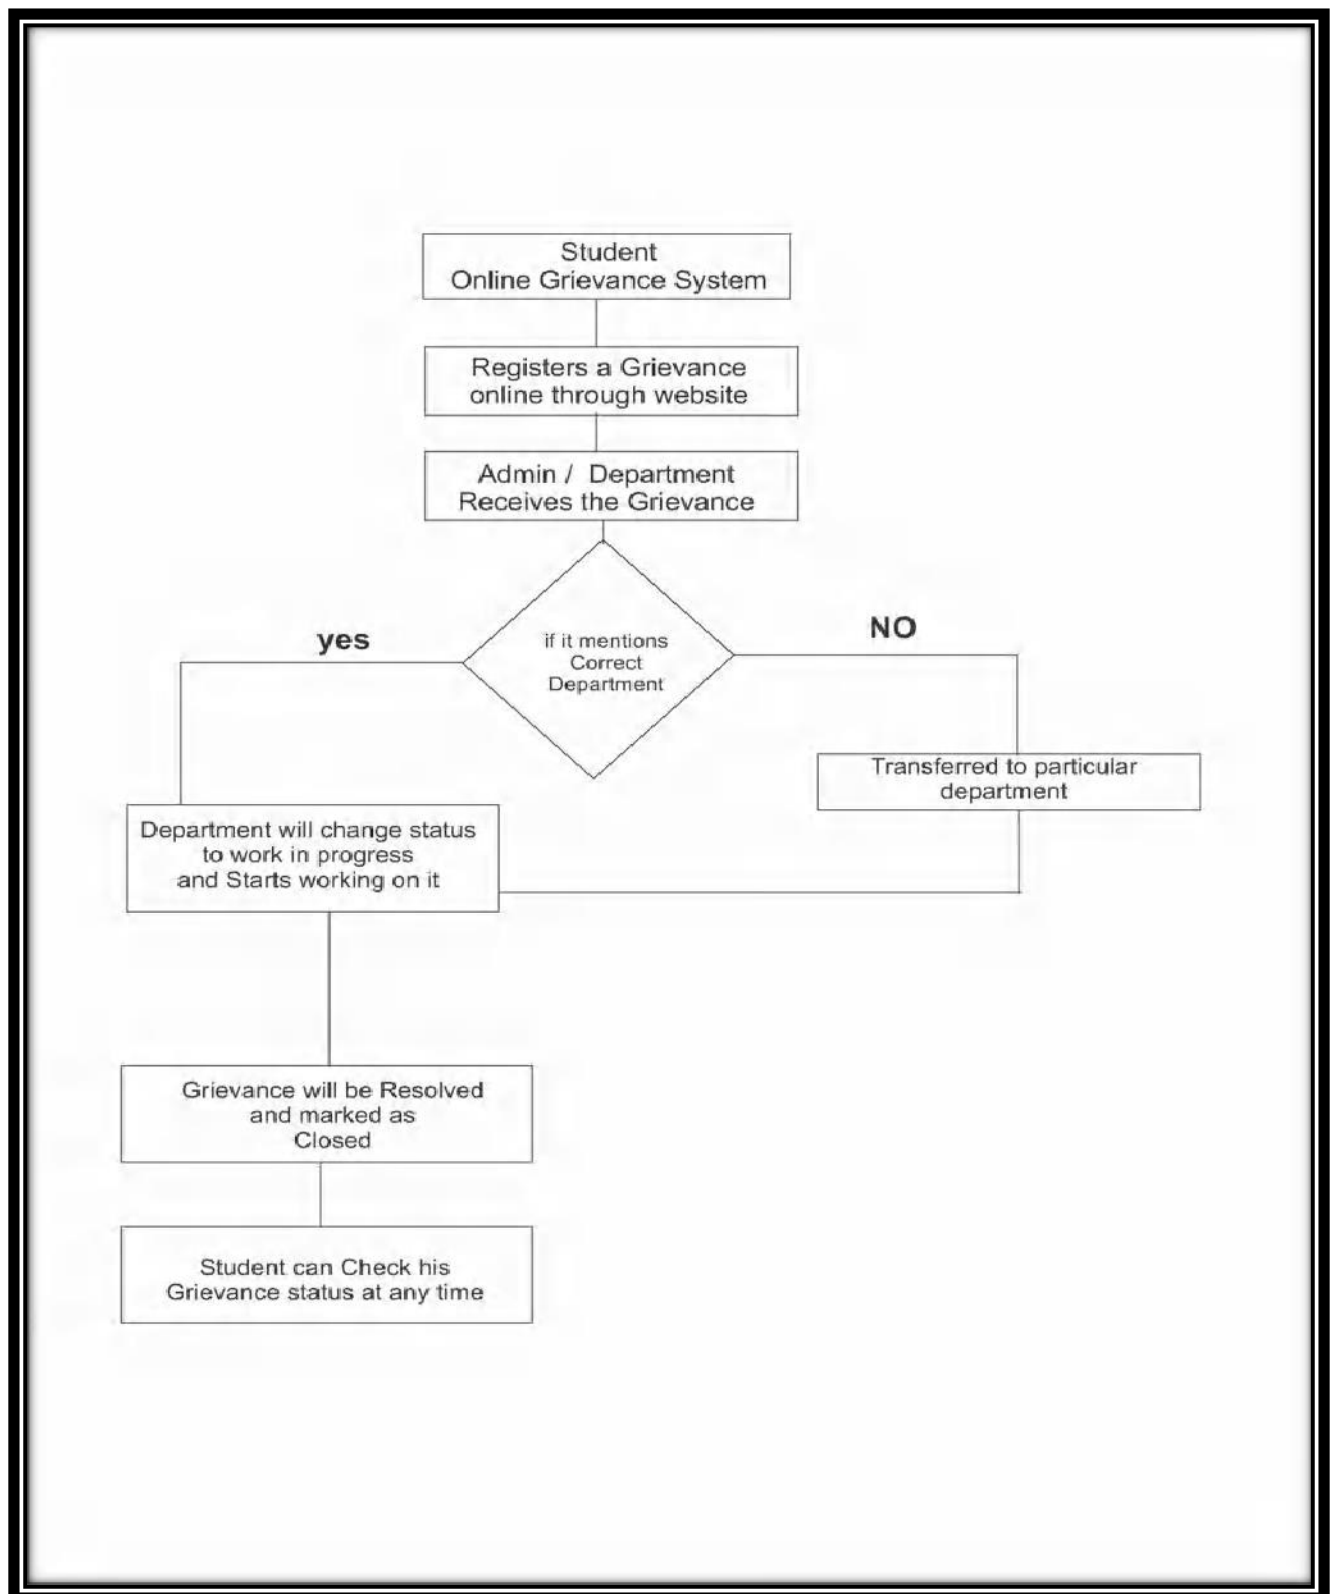

Students can lodge a complaint.

- The person concerned can personally approach to any member of the cell and can lodge online complaint or write an application and submit to cell Convener for grievances of any sort.
- The cases will be attended promptly on receipt of grievance from the students.
- The cell will review all the cases and will act formally accordingly as per the management policy.
- The cell will give report to the authority about the cases attended to and the number of pending cases, if any, which require direction and guidance from the higher authorities.

The effectiveness of implementation of Grievance Redressal Cell can be calculated with the following parameters:

- Count of cases received
- Nature of cases received
- Time taken for corrective action
- Escalations required
- Confirmation and rejection after completion
- Repeat nature of grievances.
