

Certificate of Training Completion

This certifies that

MISS. KULKARNI MOHINI DNYANESHWAR

has Successfully Completed the training in

"VLSI DESIGN AND SIMULATION USING ELECTRONIC DESIGN AUTOMATION TOOLS"

During this period, she has gained expertise on the following:

1. ASIC Designs and MOS Transistors
2. MOS Layers, Stick Diagrams
3. Design Rules and Layout
4. Scaling of MOS Circuits
5. Memory, Registers and Aspects of system Timing
6. Hand on projects on various foundries using EDA tools

Period of Training from: 29-09-2022

To: 18-10-2022

19-10-2022

Certificate of Training Completion

This certifies that

MISS. KUSNURE NIKITA DHANANJAY

has Successfully Completed the training in

"VLSI DESIGN AND SIMULATION USING ELECTRONIC DESIGN AUTOMATION TOOLS"

During this period, she has gained expertise on the following:

1. ASIC Designs and MOS Transistors
2. MOS Layers, Stick Diagrams
3. Design Rules and Layout
4. Scaling of MOS Circuits
5. Memory, Registers and Aspects of system Timing
6. Hand on projects on various foundries using EDA tools

Period of Training from: 29-09-2022

To: 18-10-2022

19-10-2022

Certificate of Training Completion

This certifies that

MISS. KULKARNI MAHIMA KIRAN

has Successfully Completed the training in

"VLSI DESIGN AND SIMULATION USING ELECTRONIC DESIGN AUTOMATION TOOLS"

During this period, she has gained expertise on the following:

1. ASIC Designs and MOS Transistors
2. MOS Layers, Stick Diagrams
3. Design Rules and Layout
4. Scaling of MOS Circuits
5. Memory, Registers and Aspects of system Timing
6. Hand on projects on various foundries using EDA tools

Period of Training from: 29-09-2022

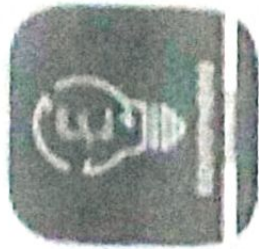

To: 18-10-2022

Certificate of Training Completion

This certifies that

MISS. PAWAR VAISHNAVI RAMDAS

has Successfully Completed the training in

"VLSI DESIGN AND SIMULATION USING ELECTRONIC DESIGN AUTOMATION TOOLS"

During this period, she has gained expertise on the following:

1. ASIC Designs and MOS Transistors
2. MOS Layers, Stick Diagrams
3. Design Rules and Layout
4. Scaling of MOS Circuits
5. Memory, Registers and Aspects of system Tuning
6. Hand on projects on various foundries using EDA tools

Period of Training from: 29-09-2022

To: 18-10-2022

19-10-2022

Certificate of Training Completion

This certifies that

MISS. BHUJBAL ANKITA SOMNATH

has Successfully Completed the training in

"VLSI DESIGN AND SIMULATION USING ELKTRONIC DESIGN AUTOMATION TOOLS"

During this period, she has gained expertise on the following:

1. ASIC Designs and MOS Transistors
2. MOS Layers, Stick Diagrams
3. Design Rules and Layout
4. Scaling of MOS Circuits
5. Memory, Registers and Aspects of system Timing
6. Hand on projects on various foundries using EDA tools

Period of Training from: 29-09-2022

To: 18-10-2022

Certificate of Training Completion

This certifies that

MISS. PAWAR KSHITIJAM JAGANNATH

has Successfully Completed the training in

“VLSI DESIGN AND SIMULATION USING ELECTRONIC DESIGN AUTOMATION TOOLS”

During this period, she has gained expertise on the following:

1. ASIC Designs and MOS Transistors
2. MOS Layers, Stick Diagrams
3. Design Rules and Layout
4. Scaling of MOS Circuits
5. Memory, Registers and Aspects of system Timing
6. Hand on projects on various foundries using EDA tools

Certificate of Training Completion

This certifies that

MISS. CHOWDHARI PALLAVI

has Successfully Completed the training in

"VLSI DESIGN AND SIMULATION USING ELECTRONIC DESIGN AUTOMATION TOOLS"

During this period, she has gained expertise on the following:

1. ASIC Designs and MOS Transistors
2. MOS Layers, Stick Diagrams
3. Design Rules and Layout
4. Scaling of MOS Circuits
5. Memory, Registers and Aspects of system Timing
6. Hand on projects on various foundries using EDA tools

Period of Training from: 29-09-2022
